5/7R

THRU : Chief, St/I/D
Chief, D/S
Chief, S/TR

17 April 1958

Library of Congress Monthly Index of Russian Accessions

The subject matter presentation used here is more useful than the arrangement by author in MIRA. However, the existing Transportation in the USSR which is based on MIRA is adequate for S/TR needs. It appears that the ~~same~~ transportation sections in the proposed Soviet Science and Technology would only duplicate the sections in Transportation in the USSR.
